

AL5 Shielding Effectiveness (Butt Joint & Seam Taped) Tested per IEEE-299 : 2006

- AL5 0.005" aluminum with .005" x 4.00" EC aluminum tape (no abrasion prior to taping)
- AL5 0.005" aluminum with .005" x 4.00" EC aluminum tape (scotch brite tape area prior to putting tape down)
- AL5 Magnetic Field SE for AL5 One side taped with EC AL5 Tape
- - - Poly. (AL5 0.005" aluminum with .005" x 4.00" EC aluminum tape (scotch brite tape area prior to putting tape down))
