

VCWM-01 Camera Wall Mount

Product Overview

The TDK RF Solutions VCWM Video Camera Wall Mount is designed specifically for mounting our shielded color video camera in an anechoic chamber or shielded test room.

The camera wall mount is constructed of durable, non-conductive, commercial grade fiberglass and plastic that will not interfere with RF test measurements.

The VCWM is available in custom lengths to meet customer-specific requirements. It comes complete with mounting brackets and fastening hardware. The camera wall mount can support up to 6 kg.

The TDK RF Solutions VCWM Video Camera Wall Mount is specifically designed for permanently mounting of the VC-04 Color Video Camera in an anechoic chamber or shielded room.

Features

- Constructed with non-conductive materials
- Custom lengths available
- Supports up to 6 kg
- Permanent sturdy fixture

Applications

- Wall mounting of VC-04 color video cameras
- Anechoic chambers
- Shielded rooms
