

# High-voltage Isolating Transformer

## ITT 250-20

**High-voltage Isolating Transformer**  
**Transducer design, cast-resin insulation**

### Technical specification

### ITT 250-20

Primary voltage	240/230/220/210 V $\approx$
Secondary voltage	220 V $\approx$
Secondary power, 100 % ED	500 VA
Rated frequency	50 Hz
Rated isolating voltage	20 kV $\approx$
AC test voltage	50 kV $\approx$ / 1 min
Weight	ca. 60 kg
